AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

I, SUZANNE MCDONOUGH, HAVING BEEN DULY SWORN, DEPOSE AND STATE: I am a United States Postal Inspector, having been so employed since July 22, 1995. I am presently assigned to the Cincinnati Field Office, Pittsburgh Division of the Postal Inspection Service with investigative responsibility for Southwest Ohio and Northern Kentucky. Part of my investigative responsibility involves the use of the United States Mail in the transporting of narcotics and other dangerous controlled substances and financial proceeds relating thereto.

Your affiant attended a week-long national Inspection Service training course in October, 1997. The training involved narcotic investigation techniques, chemical field tests and training in the detection and identification of controlled substances being transported in the U. S. Mail. In September 1999 your affiant attended a two-week drug investigator's training course provided by the Drug Enforcement Administration that included training in drug identification, drug interdiction, confidential informant management, and undercover investigation practices. In addition to this formal training, your affiant has worked since 1996 with various federal, state and local law enforcement agencies in the investigation of the transportation of illegal drugs and their identification. Primarily your affiant's investigative attention relates to the mailing of narcotics within the continental United States. Infrequently investigations involve foreign originating packages, those referred by U. S. Customs, and those coming to your affiant's attention

from other law enforcement agencies.

Your affiant has become aware that drug traffickers frequently use Express Mail, a business-oriented over-night service offered by the United States Postal Service, to transport narcotics and other dangerous controlled substances. As a result of investigations and successful controlled substance prosecutions where Express Mail was used, your affiant has learned of certain characteristics indicative of other Express Mail items previously identified as containing narcotics or other dangerous controlled substances. Some of these characteristics include, but are not necessarily limited to or used on every occasion, false or non-existent return address, addressee is not known to receive mail at the listed delivery address, the package is heavily taped, the package is mailed from a known drug source location, labeling information contains misspellings, the label contains an illegible waiver signature, unusual odors emanating from the package, and the listed address is located in an area of known or suspected drug activity.

On March 23, 2012, a suspicious Express Mail parcel was intercepted at the Dayton, OH Processing and Distribution Center. The parcel appeared suspicious due to the fact that it was mailed from a known area of drug activity, San Diego, CA, and the listed zip code of mailing did not match the zip code listed in the return address.

This parcel is further identified as follows:

<b>Label No. :</b>	EI 034941524 US
<b>Sender:</b>	Michael Taylor 674 Palm Ave, Spc 18 Imperial Beach, CA 91932

**Addressee:** Cole K Taylor  
1623 Knoxville Rd.  
St. Marys, OH 45885

Observation of the Express Mail parcel indicated the parcel was mailed from the San Diego, CA Post Office, San Diego, CA 92115, but the zip code listed as the return address was 91932. Through training and experience, your affiant has learned that the area in and around San Diego, CA, is a location of known drug activity and a drug source location.

The AccurantLE database was researched regarding the listed return address, Michael Taylor, 674 Palm Ave, Spc 18, Imperial Beach, CA 91932. The information obtained from the database indicated no one by the name of Michael Taylor to be associated with that address since January 2012. Additionally, the telephone number listed in the return address, (970) 222-6569, was researched in the database. The information obtained indicated the area code 970 is listed as Denver, CO, but the listed return address is Imperial Beach, CA.

The listed addressee information, Cole K Taylor, 1623 Knoxville Rd, St. Marys, OH 45885, was also researched in the AccurantLE database and the information obtained indicated no one by the name of Cole K Taylor to be associated with that address.

Officer Anita M. Hauser, Dayton Police Department, was contacted regarding the suspect parcel to arrange for a narcotic's canine to check the parcel. Officer Hauser and her canine "Zara" are a currently certified narcotics team. The team is certified through United States Customs and Border Protection. Officer Hauser responded to the Dayton, OH Processing and Distribution Center where the parcel was placed in an office

among several other similar parcels and presented to narcotic canine, "Zara", who alerted positively to the presence or odor of a controlled substance upon Express Mail Parcel, Label Number, EI 034941524 US. Attached herewith, and made part hereof by reference, is a photocopy of the narcotic canine handler's record of examination.

This information, along with the parcel being mailed from a known drug source location and the positive alert of narcotic canine "Zara" is indicative of a drug package.

Based on the information contained herein, your affiant believes that contained in Express Mail Parcel, Label Number EI 034941524 US, is a quantity of a narcotic or other dangerous controlled substance, their proceeds or instrumentality's. Therefore, a search warrant to open the parcel is requested.

Further, your affiant sayeth naught.

Postal Inspector

Subscribed and sworn to and before me this 23<sup>rd</sup> day of March, 2012.
